March 31, 2009

To All Parents and Students,

I am very pleased to inform you that our Board of Education offers summer courses in Health and Physical Education. These courses are available for credit from certified teachers for all current 7th-graders through juniors at a cost of \$80 per session. Hours each day will be from 7:00 AM until noon. There will be a short break at approximately 9:45. Students are encouraged to bring snacks and/or something to drink (i.e. Gatorade, etc), but not soda pop. We will provide water.

Physical Education class will be June 4th- June 19th

Health class will be June 22nd- July 3rd

Students will receive $\frac{1}{4}$ credit for successful completion of PE which is half their high school requirement; and $\frac{1}{2}$ credit for Health which will complete their high school requirement.

Please rest assured that we will still offer PE and Health during the regular school year. These offerings are simply an effort to assist students in scheduling especially during their Freshman and Sophomore years.

Please call High School Guidance Counselor Mike Ward at 389-2389 to register your student for either or both of these classes. Our enrollment deadline is Thursday, May 28th in order to determine if we have enough students for the classes.

Sincerely,

Steve Larcomb
Superintendent
